CAREER OBJECTIVE

I am a versatile professional with a background in IT, holding a BFA in photography and currently thriving as a skilled photographer. My journey now includes a passion for UX design and I'm eager to pivot my career in that exciting direction.

EXPERIENCE

Content Creator

JAN 2021 – MAY 2022

- Researching, brainstorming, and generating creative content ideas.
- Producing, editing, and curating visually appealing photos and videos for diverse content channels.
- Collaborating with cross-functional teams (e.g., marketing, design) to align content with overall brand strategy.

Photographer & Editor

FEB 2015 – JUL 2017

- Proficient in operating a range of DSLR and mirrorless cameras, with expertise in various brands and models. Skilled in utilizing natural and artificial lighting techniques to capture high-quality images in diverse environments and conditions.
- Experienced in post-processing and photo retouching using Adobe Creative Suite.
- Skilled in using professional video editing software like Adobe Premiere pro or similar platforms to create to create compelling visual content.

PROJECTS

Redesigning BurritoBoyz Restaurant Website

Academic Project

- Conducted a thorough UX audit and defined user personas.
- Applied user-centric design principles for accessibility and ease of use.
- Streamlined the ordering process, boosting conversions and satisfaction.
